

RECESSED CAN LIGHTING

Call today for an estimate! (813) 662-0362

- **ON-LINE Electric does their best to provide the most accurate over-the-phone estimates.**
- **Our professional service technicians will give the final price on your service.**
- **If you reject the price/service, there is no charge for the visit. Below is helpful information to have before you call:**

How high is the ceiling?

If above 15ft, there is an additional cost added to the service, as there will be the use of an extension ladder and an additional technician for the service. Residents are not allowed to participate in the installation, as we are a licensed and insured LLC.

How many recessed can lights will be installed?

ON-LINE Electric uses Halo or a commercial electric brand and have 3 to 5 different color ratings.

What is included with the price given?

Cutting the hole, the can light itself, the trim, all wiring in between and a one year warranty on the installation.

There is a discount applied if 10 or more lights are installed.

Will the service be less if the customer provides the lights?

Yes; the technician who provides the on-site estimate will determine the price.

Can a switch or dimmer switch be added?

Yes. Dimmer switches do cost more than regular switches.
